

# Odorless & Tasteless Collagen Powder

## Product Introduction

Bovine collagen peptide powder is mainly made from fresh cowhide. It uses biological directional enzymatic cutting technology to obtain small molecule active peptides through cleaning, enzymatic hydrolysis, coarse filtration, decolorization and deodorization, fine filtration, concentration, sterilization and spray drying.

## Application Direction

Food & Beverage

Cosmetics

Pharmaceuticals

## Certifications

Xi'an Natural Field Bio-Technique Co., Ltd.

## Functions

01

### **Glowing Skin**

Boost elasticity, reduce wrinkles, lock in moisture. Reveal a youthful glow.

02

### **Promote Wound Healing**

Biocompatible, it accelerates wound repair and minimizes scarring.

03

### **Strong Joints**

Support cartilage health and ease joint discomfort.

04

### **Immune Boost**

Rich in amino acids that help enhance immunity.

05

### **Easy Absorption**

Low molecular weight (1000–4000 Da) for fast, effective results.

## Product Advantages

- ① No odor, no taste
- ② Instant dissolve
- ③ Crystal clear solution
- ④ Low Molecular Weight (1,000 Daltons)  
Easier Absorption
